WooCommerce Storefront. The Official WooCommerce Theme

Hi :) I just wanted to send you the screenshot of my theme cause thats the one i have on my main blog, i dont think that the posts are 250px. On my second blog (i have the exact same theme, with no difference in the code) it looks way bigger and i have no clue why.

BeTheme BeOnePage Single Page Responsive WordPress Theme

The Template File Hierarchy # The Template File Hierarchy Overview # Overview. WordPress uses the query string to decide which template or set of templates should be used to display the page. The query string is information that is contained in the link to each part of your website.
